Context

At Saint Ignatius College Geelong, we believe that the Servant leadership model of leadership is fundamental to an Ignatian school. Middle Leaders support the College Executive by ensuring the College community experiences coherent, coordinated, collegial and competent leadership.

A Middle Leader needs to be a learner who is adaptable, resilient, supportive of colleagues and has the skills necessary to translate the College's strategic plans into achievable processes, manage the day-to-day functioning of their area and provide leadership and management support for staff in their area. Their effectiveness comes from middle leaders placing learning at the heart of what they do. In this sense, we can think of the middle leadership role as 'the engine room of sustainable improvement' of our College.

Middle leadership must be built on knowing the area you are responsible for in-depth, where it aims to be in the future, and the path you and the wider team will have to navigate to ensure progress.

All leaders at our College must build their leadership capacity by developing and demonstrating the four key pillars that make effective performance and underpin the key team and individual behaviours that drive wellbeing and learning:

- Empathy – by building trust, respect, and understanding
- Clarity – by building dialogue, discussion, focus and accountability
- Engagement – by building teamwork, empowerment, and shared ownership
- Learning – by building in feedback, professional development and challenges

Our leadership motto is "St Ignatius. Inspiring me to be a leader."

All staff members at Saint Ignatius College Geelong provide the best possible child safe learning environment and pastoral care for each student according to the College Mission Statement and the Characteristics of Jesuit Education.
